George Broclesby is bringing back the electronic dance music with a full light show on January 29!

**Phutureprimitive’s** music is singular and unique in its approach. Lush melodies drift across intricate rhythms, groove heavy beats and warm, fuzzy bass lines. Often exploring a dark and dense palette, his music also manages to convey a sense of tranquility and beauty, engaging the listener into hypnotic movement and often escalating into a full-on kinetic experience. Shimmering with cinematic qualities, his music ultimately speaks to the body, mind and soul.

No Boxing Day Show!

**Spring Standards** are thrilled to announce Heather has had a baby! Which means she’s not coming east this year.

And James Smith is also staying in CA. So no Arden performance this year, sorry!

A runaway freight train of musical talent at low volume, **Twisted Pine** combines elements of bluegrass, jazz, fiddle tunes, funk, and so much more into their own tuneful alchemy. NPR: “An upbeat, poppy vibe; energetic, driving rhythms; virtuosic solos; tight harmonies.” Oh, and a whole lotta fun—which is why our audience demanded we bring them back. Fiddle, stand-up bass, mandolin, flute—and everybody sings.

Tickets $20 or only $15 for members

Something’s Going To Happen” when **Marshall Crenshaw** comes to Arden to perform his familiar favorites, including his Top 40 hit “Someday, Someway” plus others like “Mary Anne,” “Cynical Girl” and “Whenever You’re On My Mind.” Marshall has portrayed John Lennon in ‘Beatlemania’ and Buddy Holly in ‘La Bamba.’ His songs have been covered by everyone from Gin Blossoms (“Till I Hear It From You”) to Bette Midler (“You’re My Favorite Waste Of Time”). Marshall will appear with a three piece band including Manuel Quintero on drums and Graham Maby (Joe Jackson) on bass. Leslie Mendelson will open the show!

Convention suggests wine should be aged and beer enjoyed fresh. While largely true, there are exceptions for both beverages: Beaujolais wines are meant to be had within 6 months of bottling, and there are a number of strong beers that benefit from a year or more in the bottle. In this presentation we will discuss what is known about aging beers, and sample old-year old and fresh examples of Troeges’ Mad Elf and North Coast Brewing’s Old Stock Ale— and perhaps others!

For this festive tasting, we will be serving the beer live at the Gild Hall. No Zoom session for this one! Entry is $5 per person. Masks will be required when not tasting. Covid vaccination verification will be required at the door.

Dr. Michael A. Smith is an Associate Professor of Chemical Engineering at Villanova University. His interest in brewing began with an ill-fated senior research project while obtaining B.S. in Chemical Engineering from Lafayette College in 1980. He began homebrewing 1983 while working at the DuPont Company. In 1997 he attended the Siebel Institute of Technology’s two-week course in Brewing Technology, and seriously considered entering the industry. Michael opted for an academic path instead, returned to school to obtain a Master’s at Villanova University, followed by a PhD in Chemical Engineering from the University of Delaware in 2004. He has been teaching at Villanova since 2006, and is privileged to share his enthusiasm for beer and brewing with a new generation of Chemical Engineering Students at Villanova. He can be reached at michael.a.smith@villanova.edu.

**The Gardeners Gild** will have an end-of-year party on December 20th, during our monthly meeting. There will be food and refreshments, and we'll talk about our activity-schedule for the next year. Details to follow on our Facebook page and via emails.

Our January 17 meeting will be a hands-on "winter sowing" activity led by Susan Stith. We will sow seeds in specially prepared plastic gallon jugs which become little greenhouses which are placed outside in January. Seeds germinate when the soil temperature is right, then continue to grow almost unaided until time to plant in the ground. Cold stratification takes place automatically in the jug. Soil, jugs and native perennial seeds will be provided. Participants will leave with at least one jug all planted! Bring your own seeds - annual or perennial - if you wish, or want to share. Also helpful would be an exacto knife if you have one. (We will have some too.)

See the "Winter Sowers" Facebook page if you're too curious to wait to learn more.

**The Ardensingers**
Regretfully The Ardensingers had to cancel our planned Revue for November due to concerns for the health and safety of our cast, crew and prospective audience.

In addition we have canceled our planned spring production of Princess Ida. The Board plans to discuss alternatives for the spring that would hopefully be healthier and safer for all involved. We regret these decisions but we believe they were the right thing to do.

**The Dinner Gild**
Going forward we will start serving takeout at 6:20. Because we have so many meals take out we will make it easier for all involved and enable those hoping to enjoy dinner with neighbors to do so.

Starting at the next meal we will confirm all emails and calls including the permanent diners are on the list unless we hear/or have heard otherwise. If you are a perm diner and would like to change the location of your reservation (indoor/outdoor/takeout) please let us know.

Young Actors Workshop

is a unique opportunity for kids to speak the speeches actors have been performing for over 400 years – and for good reason, because it’s the greatest material ever: filled with passion, humor, great insults, beautiful poetry, wit, anger, fear, goofiness, and alliteration.

The workshop started in 1999 as part of our mission to continue the Shakespeare tradition in Arden and train the next generation of Shakespeare actors.

We accept actors as young as 6 through high school age. And our dream has come true: we have nurtured another generation of Shakespeare lovers.

Many of our young actors have grown into adult roles in our main-stage summer production. Some have continued their involvement in theater through college, and a few act professionally and teach theater in our schools.

All actors must be members of the Arden Club. But it’s easy and inexpensive for a family to join. There are junior Arden Club memberships and workshop scholarships available too.

Last year’s pandemic plan for the Young Actors Workshop is no longer in effect. We will return to business as usual this year, keeping in mind that there are still some health and safety issues to be addressed. Since the FDA has approved vaccines for children, we are happy to accept registration for all vaccinated actors and ask that, if your child is not vaccinated, that they can provide proof of a negative Covid test. For now, all actors should be masked at registration and rehearsals. Performances will be mask-free and our directors will make sure that the staging is safe for all the actors.

Registration will be held on December 4th, 2021 at 11:00 AM at the Gild Hall. The workshop fee is $30/child and $50/family. Participants must be Arden Club members; membership can be obtained at the time of registration. Rehearsals will be on Saturdays, January 8, 15, 22, 29, Feb 5, 12. The performance will be on Sunday, Feb 13, 2021, at 1 PM.

For further information or for questions, call workshop director Mary Catherine Kelley at 302 655 1253.
